

Chem*Star Formulations Presents:

Smart B's™ and Homocysteine

Homocysteine is a toxic amino acid metabolite and elevated levels in the blood are associated with an increased risk of heart disease, stroke, Alzheimer's disease, Parkinson's disease, osteoporosis, depression and conditions we probably haven't discovered yet.

In the journal, Cardiology in 2007, it was stated that "Results showed that elevated homocysteine levels were associated with a 250% higher risk of subsequent coronary events."

There are no drugs to treat high homocysteine (we like it below 8.0), but the good news is that B vitamins and Folic Acid help to control the level and bring it down to normal, thereby reducing the risk for all the above conditions.

In the International Journal of Cardiology, also in 2007, they examined the folic acid relationship with homocysteine levels and found "low folate levels were associated with more than an 800% increased risk of cardiovascular mortality, while high homocysteine levels were associated with more than a 200% increased risk for major cardiovascular events."

Our Smart B's capsule contains a 50mg B complex and 800mcg Folic Acid, the therapeutic dose most often associated with homocysteine control. Other benefits may include: increased energy, liver support, nerve and muscle repair as well as blood sugar support.

Suggested use: 1 capsule with food at breakfast or lunch.

Supplement Facts			
Serving Size 1 Capsule • Servings Per Container 60			
Amount Per Serving	%DV	Amount Per Serving	%DV
Thiamine	50 mg 3,535%	Inositol	50 mg *
Riboflavin	50 mg 2,942%	PABA (para-aminobenzoic acid)	50 mg *
Niacinamide	50 mg 250%	Trimethylglycine	50 mg *
Vitamin B-6 (as Pyridoxine HCl)	50 mg 2,500%	Alfalfa (aerial parts)	10 mg *
Folic Acid	800 mcg 200%	Parsley (leaf)	5 mg *
Vitamin B-12	100 mcg 1,667%	Rice protein isolate	5 mg *
Biotin	50 mcg 17%	Watercress (aerial parts)	5 mg *
Pantothenic Acid (as Calcium Pantothenate)	50 mg 500%		
Choline Bitartrate	50 mg *		

Other ingredients: Gelatin (capsule), cellulose and vegetable stearate.
